## THE Laboring Man

By hard, manual labor, can earn from 10 to 12 1/2 cents per hour. Now if I can convince you that I can save you as much good money by buying one pound of tea from me as you can earn in one hour by hard work, of course you will buy your tea from me. To convince you that such is the fact I will endeavor to do. If you have been paying 35 to 40c for your tea, go to my store and ask for a free sample of my 25c Japan Tea and try it and if it is as good as you have been buying for 35 to 40c, I have saved you 10 or 15c, and you will have to admit that it was an easy way to earn the money. I have this Tea, it is a great bargain—I am anxious that you should try it—offer you a free sample, but can't compel you try it if you do not see fit. My "Java" blended coffee at 25c is the best bargain ever offered in Owosso on coffee, and I want to tell you right here that when you can get a high grade blended coffee like the "Java" for 25c a pound, you make the mistake of your life if you don't try it. In conclusion I wish to say that it will pay you to watch my advertisements, and you can always depend that any article I recommend will in every instance be as good or better than I claim it to be.

## They All Do It...

Some folks advertise in one way, some in another. One actress advertises herself by getting married, another by getting unmarried, and by getting her diamonds stolen, (paste to advertise.) One store advertises itself by selling good goods, another by selling poor goods, and a third by not selling any.

## We Make an Advertisement of Every Person Who Trades With Us.

True, they don't intend it, but do it themselves. One man comes in and buys one of our Suits for \$6.50 that he expected to pay \$9.00 for. He tells his friend of the bargain he's got, and the friend comes after one just like it, to show that he knows a good thing when he sees it. The friend wants an Overcoat also, and picks out an All Wool Beaver for \$8.00 that he has seen in other stores at \$10.00. We'll use you just as well if you'll give us the chance.
